

## ***THE MOST UNIQUE WATER TREATMENT SYSTEM AVAILABLE (NANO BUBBLES)...***

**Enjoy a hassle free sparkling clear pool, pond or water feature all year round even when it rains.**

Dramatically reduce your chemical costs by **UP to 100%.** Used in grow rooms hydroponic and normal soil watering systems, drip irrigation systems and fish ponds and aquaponic systems. Keeps your water tanks clean and **water so soft and completely energized.**

In pools enjoy the benefits of sparkling clear water even when it rains.

The only system on the market that **reduces your pool pump run time to only +- 3-4hrs** or less/day Save more than 60% on electricity that your pump normally uses.

In grow rooms you will only need to water your **plants once a day** in the evenings or mornings saving you on extra feeding and watering costs. Once a day regular watering and nutrients will get all the benefits to them and **keep plants healthy.**

The only system on the market which is **PH and Alkalinity balanced** which unlike any other system means that you **never have to use Acid ever again** to maintain a correct PH nor do you ever need to check your PH ever again.

**Your children will love it! No more allergies, sore red eyes, dry skin and hair.** Your eyes will never burn like they do when using any other system.

**The Dolphin Ozonate** system is the only water treatment and energizing system which is **ECO friendly, does not produce any harmful chemicals** and is safe for the environment.

The only system **installed by pool contractors, aquaponic and pond builders, farmers and used in greenhouses, grow rooms, swim schools, fish farming and NOW available at no extra cost and for far less than any system out there.** The system is **ALSO MUCH more affordable, beneficial, eco friendly** and completely **non corrosive** it softens water through **Nano bubble creation** which keeps water **completely PH balanced.**

### ***THE MOST AMAZING BENEFITS...***

The Ozonate system **will keep your pool, pond OR water feature sparkling clear** every day of the year, ensuring your water to be **free from algae** even when it rains.

In **Grow rooms** it makes plants flourish giving plants the **EXTRA oxygen and nutrients they need.** The **Super Ionized energized water** increases plant growth by over 50% this increases YIELD substantially. Also speeds up the growth cycle. **Makes Bud growth thicker. Make much More Bud**

**STOPS Bud ROT in its tracks. Amazing results guaranteed!!**

In Ponds increases fish health and fish growth **by over 50%** as well as healthy more resilient fish and for successful breeding and offspring.

This natural process will also **take the hardness out of your water.** Water is **soft and properly energized** which balances it as it has been positively charged which gives it great benefits.

**NANO BUBBLES.** This process is completely natural and happens in nature. The water that passes through the SYSTEM is **positively charged by the higher** frequencies the unit gives off. The positively charged (+O2) Oxygen particles attach themselves to the negatively charged (-O2) molecules in the water. This natural process creates about **60 grams of O2 an hour** which is **greater than any other system produces. NANO bubbles stay dissolved in water for months due to the capacitor process.**

You will **feel, see and be amazed by the difference of the water.**

### ***VERY EASY INSTALLATION...***

**Very simple DIY installation no plumbing or glue needed.** Fits onto any pump or non pumped system and EVEN in **Rainwater collection tanks.** Takes around 5 to 10 minutes to install. Comes with simple installation instructions or you can be guided through by one of our sales team members. We have many happy clients who have benefited greatly by having a system installed. These include pool contractors, schools, farmers, pond builders, fish farmers, growers and also private clients such as swim schools, and health centers who have seen **marvelous and proven results.**

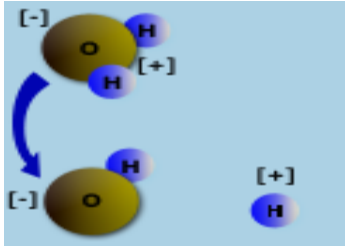

## ***TWO YEAR REPLACEMENT GUARANTEE***

We give a **2 year replacement** guarantee on all units and any unit which is faulty will be replaced. We **do not** repair any faulty unit we will only replace it with a new one.

## ***TECHNOLOGICALLY ADVANCED...***

The Dolphin Ozonate system is **electronically advanced** and extremely lightweight - so light, it weighs less than a kilogram. 850grams to be exact and is so advanced It use only 15watts/hour of power which is a fraction compared to any other pool purification system on the market.

The system is **completely automatic** and will automatically switch on and turn off with your timer settings as well as automatically detect and increase current when needed to keep PH balanced.

**Unlike salt chlorinators,** Dolphin Ozonate® **does not produce any harmful chemicals** WHATSOEVER. It is completely eco friendly and manufactured using recycled plastic.

It **does not convert salt into chlorine** nor use any other chemicals but **uses a completely natural patented process** that sends a **DIFFERENT frequencies** of electrons into and through the water source.

**NANO BUBBLES** This process is completely natural. The water that passes through the SYSTEM is positively charged by the higher frequencies. The positively charged (+O<sub>2</sub>) Oxygen particles attach themselves to the negatively charged (-O<sub>2</sub>) molecules in the water.

This natural process creates about **60 grams of O<sub>2</sub>** which is greater than any other system can produce because the **NANO bubbles stay dissolved in water for months due to the capacitor process.**

## ***INTERNATIONALLY CERTIFIED AND ROHS ENERGY APPROVED***

The system has the highest international quality and safety standards and is **CE approved** according to the strictest European Standards.

It is also **ROHS** compliant which is the highest **certified approval** for an electronic system meaning that it is highly energy efficient. The unit not only uses low wattage **15watts/ hour** to be exact but it saves the client **over 50%** on there pump running time which is normally required with any other system.

### ***COMPLETELY NATURAL PROCESS...***

It is this natural process **that will keep your pool water sparkling clear all year round** absolutely guaranteed.

Your water will be soft and sparkling clear month after month and year after year.

Unlike any **salt chlorinator**, **Dolphin Ozonate®** is the **only system** on the market which is **PH balanced** and keeps water **completely balanced, naturally.**

Every system installed comes with a 2 year replacement guarantee and is the **ONLY** water treatment and energizing system on the market to offer this.
